Coroners and Medical Examiners

Opt-Out Override Functionality

The following workflow is to be used when access to a decedent, who is opted out of Contexture's HIE, is required for coroner and medical examiner duties covered in Contexture's permitted purposes:

1. Search for and select the desired decedent
2. The following pop-up will appear:

3. Choose the "I am a Medical Examiner or Coroner and need to access information of a decedent" from the drop down menu to be granted access to the decedent's Patient Details page.
